

# The Impact of the Industrial Revolution

BEFORE	AFTER

	BEFORE	AFTER
Where did most <b>people</b> live?		
What sort of <b>Jobs</b> did most people have?		
What did the <b>landscape</b> look like?		
How much <b>space</b> did people have near where they lived?		

# ***CUT AND PASTE***

Lots of people  
worked in  
factories or in  
the mines

People were  
cramped  
together in small  
houses

There were lots of  
fields and trees. There  
were some houses and  
churches. It looked  
peaceful.

People had a lot  
of land around  
their homes.

Most people  
lived in the  
countryside

Most people  
lived in the town

There were lots of  
factory towers and  
smoke filled the air.  
Railway lines, roads and  
canals cut through the  
landscape.

Many people  
had jobs on  
farms or tending  
the land.
